Appointments are limited so please contact them soon to reserve your time.

You may also call Portrait Pros staff at (800) 693-2306, ext. 1.

Photo sessions are by appointment with no waiting and only take approximately 15 minutes and you will be able to view proofs immediately and select your photo for the bar association. There is no charge for the portrait to the bar association. If you wish to purchase additional photos for your own marketing, web, and print purposes, the photographer can help you with that when you view your pictures.

Normally here we talk about what to wear but we would like to address the safety measures we have put in place so that you can feel comfortable.

Victoria also wishes to tell you that she is fully vaccinated and has been practicing safety during the pandemic.

***Safety Measures put in place by photographer:**

The space we have been loaned is large and our set up is distanced.

I will wear a mask the entire time so you will feel safe.

You can wear a mask for everything except the picture itself.

During the picture-taking process, I will be over 6 feet away.

During the viewing process, you will have a private monitor, over 6' away.

The monitor and viewing area will be sanitized after each person.

We ask that only healthy people come.

There will be a hand-sanitizing station at the door inside the space..

If there is any doubt as to whether you are well, we ask that you please reschedule.

I will sanitize the area with a UVC wand before each person arrives and will also utilize sanitizing wipes.

If you have any concerns or questions, please contact
Victoria at victoria@portraitpros.net or her
